

LockDown Electric System

for Grain Trailers

LockDown Electric Tarp System

The Best of Both Worlds

You get the security of a fully covered load under the harshest conditions, along with the convenience of an advanced single-touch remote electrical system AND Bluetooth Capabilities to run your system from your Smartphone. We back every system with a life-time warranty on the control arms... and a three-year warranty on the motor.

If for any reason the motor loses power, the system has a locking spline for manual operation. We include a hand-held crank along with mounting brackets so you can always keep the trailer safely on the road. Every major component of our electric cover system is reinforced making it the toughest on the market. From heavy brackets to thick arm assemblies, each part is built tough!

System Includes:

- PLUG AND PLAY TECHNOLOGY
- HD MOTORS
- DUAL ARM SYSTEM
- TRACTOR WIRING KIT
- LIFETIME WARRANTY ON ARMS
- 3 YEAR WARRANTY ON MOTOR
- 1 YEAR WARRANTY ON ELECTRIC COMPONENTS
- WATERPROOF REMOTE BOX
- BLUETOOTH-ENABLED CONTROL BOX...

Run your Tarp System from your Smartphone or Remote
